MEMORANDUM FOR: Comptroller, National Reconnaissance Office

SUBJECT: Revised Funding Requirements,  
FY 1974 and FY 1975

REFERENCE: Memorandum to Director, National Reconnaissance Office  
from Director, CIA, Reconnaissance Program  
Subject: FY 1974 Financial Program, FY 1975 Budget,  
FY 1976 through FY 1979 Planning Guidance  
[Redacted] dated 1 May 1973

1. The Airframe Support category of the IDEALIST funding request contained [Redacted] for IRAN of four Agency aircraft during FY 1974. On 4 May, an analysis of four SAC aircraft on which IRAN was performed during FY 1973 was received from the airframe contractor. This analysis indicated that IRAN need not be performed at 2400 flying hours, but could be extended to 3400 flying hours. It will therefore not be necessary to perform IRAN on IDEALIST aircraft during FY 1974 as originally programmed. At the present utilization rate, it is estimated that two aircraft will require IRAN during FY 1975, and the remaining two during FY 1976. Should additional missions be assigned resulting in increased aircraft flying hours, the FY 75 IRAN requirement could possibly increase to four, but such a requirement can be addressed at a later date, should it arise.
